

Carillon

Carillon

designer: Mike Vanbellegem

“Carillon” is french for a group of bells
With the warm colour of the holders,
its refined shape and the pleasurable LED
lights this bewitching light design will surely
be the eye-catcher in any given space.

Passion4Wood can produce the Carillon
according to your wishes.

We design for big spaces, or even smaller
stand alone pieces (3-500 tubes).

Base made of birch wood

Lighting Passion 4wood

Passion4Wood says it all, **a passion for wood** in all its variety. Passion4Wood stands for **unique wooden lamps and lighting sculptures**, which transform any space into a mesmerizing and inspiring environment. Founded in 2009 and based in Ostend (Belgium) our business now is present in Europa and further abroad.

Passion4Wood creates upon demand

Not only can already existing lamps be adjusted to any wish, Passion4Wood also specialises in **custom-made designs**. Together with our clients we realise unique concepts for small to large interiors, shops, restaurants etc. Furthermore our collaboration with several (interior) architects is a guarantee for an overall concept, unique in its kind and size. Each design is realised in our own atelier.
